

Different types of exams

NTSE or National Talent Search Examination:

NTSE is by far the most prestigious of all the talent search examinations conducted in India for school students.

- Syllabus and subjects: NCERT prescribed syllabus covering Science, Maths, Social science and mental ability. General awareness becomes an important factor during interview stages
- Medium of examination: English and Hindi
- Conducting body: SIERT
- How to apply: Forms are available in schools or can be downloaded from the NCERT websites.
- Exam date: Usually, 1st round of the written exam is conducted on 3rd Sunday of November every year.
- Eligibility: Students of Class-8 in recognized schools can appear in the exam

NCO or National Cyber Olympiad:

NCO is a newly started hugely popular examination conducted by SOF on a national level.

- Syllabus and subjects: It is an international level competition focussing on mental ability, logical and analytical reasoning in computers and IT.
- Medium of examination: English
- Conducting body: SOF or Science Olympiad Foundation
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools
- Exam date: Usually, 2nd week of September ever year.
- Eligibility: Students of Class-2 to Class-12 in recognized schools are eligible to apply. Usually the schools have to register with SOF
- Website: Sofworld

NSO or National Science Olympiad:

NSO, as the name suggests is science focussed talent search examination conducted on a national level by SOF

- Syllabus and subjects: It is an international level competition focussing on mental ability, logical and analytical reasoning in computers and IT.
- Medium of examination: English
- Conducting body: SOF or Science Olympiad Foundation
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools
- Exam date: Usually, 3rd week of November every year.
- Eligibility: Students of Class-2 to Class-12 in recognized schools are eligible to apply. Usually the schools have to register with SOF
- How to succeed: See the section below on How to [succeed at maths and science olympiads](#)
- Website: Sofworld

IMO or International Mathematics Olympiad:

IMO, as the name suggests is maths focussed talent search examination conducted by SFO on a pan India basis.

- Syllabus and subjects: It is an international level competition focussing on enhancing creative thinking in Mathematics. The subject followed is common to [CBSE, ICSE and IB boards](#) of education
- Medium of examination: English
- Conducting body: SOF or Science Olympiad Foundation
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools
- Exam date: Usually, 2nd week of December every year.
- Eligibility: Students of Class-2 to Class-12 in recognized schools are eligible to apply. Usually the schools have to register with SOF
- How to succeed: See the section below on How to [succeed at maths and science olympiads](#)
- Website: [Sofworld](#)

IEO or International English Olympiad:

IEO is a one-of-a-kind English language testing exam in India. It is conducted by SFO on a pan India basis.

- Syllabus and subjects: It is an international level competition focussing on enhancing creative thinking in English. The subject followed is common to [CBSE, ICSE and IB boards](#) of education
- Medium of examination: English
- Conducting body: SOF or Science Olympiad Foundation
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools.
- Exam date: Usually, 3rd week of January every year.
- Eligibility: Students of Class-2 to Class-12 in recognized schools are eligible to apply. Usually the schools have to register with SOF
- Website: [Sofworld](#)

NSTSE or National Science Talent Search Examination:

- Website: [Rajasthan SSTSE](#)

KVPY or Kishore Vaigyanic Protsahan Yojana:

This is an ongoing program conducted by the Department of Science and Technology, Government of India. The objective is to encourage students of basic Science, Engineering and Medicine to take up careers in research in these areas

- Syllabus and subjects: The subject or exam content is focussed on Science. [CBSE, ICSE board](#) students will find the course content similar to their curriculum
- Medium of examination: English and Hindi
- Conducting body: Department of Science and Technology, Government of Rajasthan
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website of KVPY
- Exam date: Usually, last week of October every year.
- Eligibility: Students of Class-11 and Class-12 in recognized schools are eligible to apply
- How to prepare: You can read about [preparation for KVPY interviews here](#)
- Website: [KVPY](#)

NSEA or National Standard Examination in Astronomy:

NSEA is the first of the five stages of Astronomy Olympiad program. NSEA is jointly conducted by two very prestigious bodies namely IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education

- Syllabus and subjects: The subject or exam content is focussed on Science and content is more aligned to CBSE prescribed curriculum
- Medium of examination: English
- Conducting body: Jointly conducted by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, last week of November every year.
- Eligibility: All Indian students of Class-9-12 in recognized schools are eligible to apply
- Website: [IAPT](#) and [HBCSE](#)

NSEJS or National Standard Examination in Junior Science:

NSEJS is the first of the five stages of Junior Science Olympiad program. NSEJS is jointly conducted by two very prestigious bodies namely IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education

- Syllabus and subjects: The subject or exam content is focussed on Science and content is generic in nature. So students across [CBSE, IB, ICSE boards](#) can easily appear for this exam
- Medium of examination: English
- Conducting body: Jointly conducted by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, last week of November every year.
- Eligibility: All Indian students of Class-10 or lower and born after 1st January 1996 are eligible to apply
- Website: [IAPT](#) and [HBCSE](#)

NSEP or National Standard Examination in Physics:

NSEP is a very prestigious exam conducted for students of class 11 and class-12 by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education. Successful students are given scholarships and are also invited for a training camp for International Physics Olympiad.

- Syllabus and subjects: The subject or exam content is focussed on Physics and is more CBSE aligned. However, given the nature of exam, students of other boards can also appear without many issues
- Medium of examination: English
- Conducting body: Jointly conducted by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, last week of November every year.
- Eligibility: All Indian students of Class-11 or Class-12
- Website: [IAPT](#) and [HBCSE](#)

NSEC or National Standard Examination in Chemistry:

NSEC is a very prestigious exam conducted for students of class 11 and class-12 by IAPT or Indian Association of Physics Teachers, Association of Chemistry Teachers and HBCSE or Homi Bhabha Centre for Science Education. This is first of the five stage examination in Chemistry, culminating in participation in International Chemistry Olympiad or IChO.

- Syllabus and subjects: The subject or exam content is focussed on Chemistry and is more CBSE aligned. However, given the nature of exam, students of other boards can also appear without many issues
- Medium of examination: English
- Conducting body: Jointly conducted by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, last week of November every year.
- Eligibility: All Indian students of Class-11 or Class-12
- Website: [IAPT](#) and [HBCSE](#)

NSEB or National Standard Examination in Biology:

NSEB is a very prestigious exam conducted for students of class 11 and class-12 by IAPT or Indian Association of Physics Teachers, Association of Biology Teachers and HBCSE or Homi Bhabha Centre for Science Education

- Syllabus and subjects: The subject or exam content is focussed on Biology and is more CBSE aligned. However, given the nature of exam, students of other boards can also appear without many issues
- Medium of examination: English
- Conducting body: Jointly conducted by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website

- Exam date: Usually, last week of November every year.
- Eligibility: All Indian students of Class-11 or Class-12
- Website: [IAPT](#) and [HBCSE](#)

RMO or Regional Mathematics Olympiad:

RMO is a very prestigious exam conducted for students of class 11 and class-12 by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education

- Syllabus and subjects: The subject or exam content is focussed on Maths and is more CBSE aligned. However, given the nature of exam, students of other boards can also appear without many issues
- Medium of examination: English
- Conducting body: Jointly conducted by IAPT or Indian Association of Physics Teachers and HBCSE or Homi Bhabha Centre for Science Education
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, first week of December every year.
- Eligibility: All Indian students of Class-11 or Class-12
- Website: [IAPT](#) and [HBCSE](#)

IIO or International Information Olympiad:

IIO is conducted every year in the month of September - October to test competence and proficiency in the field of computer science. It is held annually at national and international level

- Syllabus and subjects: The subject or exam content is focussed on CBSE, ICSE and State Board syllabus
- Medium of examination: English
- Conducting body: CLF or Computer Literacy Foundation
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, the exam is held in the month of September or October every year.
- Eligibility: All Indian students of Class-1 or Class-12
- Website: [Silverzone](#)

IOM or International Olympiad in Mathematics:

IOM is conducted every year in the month of November-December to test competence and proficiency in the field of Maths. It is held annually at national and international level

- Syllabus and subjects: The subject or exam content is focussed on [CBSE, ICSE and State Board](#) syllabus
- Medium of examination: English
- Conducting body: MOF or Mathematics Olympiad Foundation

- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, the exam is held in the month of November or December every year.
- Eligibility: All Indian students of Class-1 or Class-12
- Website: [Silverzone](#)

IOS or International Olympiad in Science:

IOS is conducted every year in the month of December to test competence and proficiency in the field of Science. It is held annually at national and international level

- Syllabus and subjects: The subject or exam content is focused on CBSE, ICSE and State Board syllabus
- Medium of examination: English
- Conducting body: SSE or Society for Science Education
- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, the exam is held in the month of December every year. Eligibility: All Indian students of Class-1 or Class-12
- Website: [Silverzone](#)

IOEL or International Olympiad of English Language:

IOEL is conducted every year in the month of December-January to test competence and proficiency in the field of English. It is held annually at national and international level

- Syllabus and subjects: The subject or exam content is focused on [CBSE, ICSE and State Board](#) syllabus
- Medium of examination: English
- Conducting body: CLF or Computer Literacy Foundation How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website
- Exam date: Usually, the exam is held in the month of December-January every year.
- Eligibility: All Indian students of Class-1 or Class-12
- Website: [Silverzone](#)

ZIO or Zonal Information Olympiad:

ZIO is a nationwide computing contest organized annually by IARCS in coordination with CBSE. The goal is to identify school students with outstanding skills in algorithms and computing. The finalists represent India at International Olympiad for Informatics (IOI). IOI is one of the 6 science Olympiads held annually at international level

- Syllabus and subjects: The subject or exam content is focussed on CBSE
- Medium of examination: English
- Conducting body: IARCS or Indian Association for Research in Computing Science

- How to apply: Forms are available in schools and must be filled in the prescribed format and submitted back through schools. You can also download the form from the website Exam date: Usually, the exam is held in the month of November-December every year.
- Eligibility: All Indian students of Class-8 to Class-12
- Website: [IARCS](http://www.iarcs.org)

International Entrance Exams to Study Overseas

Thousands of aspirants migrate to various parts of the world every year to complete their higher studies. Whilst the global study abroad scene has opened up tremendously to accommodate students of all academic backgrounds and interests, there are still certain preset academic standards that need to be met in order to gain admission to a university or college abroad. These are achieved by clearing competitive international entrance exams. Good performances in competitive 'study abroad' exams also help you to win scholarships and other forms of financial aid.

Some of the most popular, and most important international entrance exams include the **SAT, MCAT, LSAT, GMAT, GRE, IELTS and the TOEFL**. These are required for admission to universities and colleges in various countries across the globe. At times, the need may be a combination of one or more of these and other tests/examinations specific to that country and its education system.

TOEFL AND IELTS

The Test of English as a Foreign Language (TOEFL) and the International English Language Testing System (IELTS) probably top the list with regard to the sheer number of students across the world needing to undertake one or the other to demonstrate English language proficiency. The widest possible selection of universities and colleges accept TOEFL scores, including the top 100 in the UK, US, Canada, Australia and New Zealand. The IELTS is a mandatory exam for Indian and other non-native English speakers, especially in the Commonwealth countries, for entry into most reputed universities and colleges overseas, and occasionally for immigration requirements as well. The TOEFL is held throughout the year, usually on weekends. The IELTS, conducted by the British Council, is held in 71 centres spread all over the country, over four times a month.

GRE

The Graduate Record Examination (GRE) is another popular examination among Indian students aspiring to study in the US or Canada. It is a fairly standardized test that measures the verbal, mathematical and general analytical skills of the candidate, though the format has undergone quite a few changes over the years. It is an admission requirement for many graduate courses, especially in engineering and the sciences, in the US.

GMAT

Management aspirants need to take the Graduate Management Admission Test (GMAT), which is an admissions assessment for business colleges. Average GMAT scores are in the range of 570-580. However, for top school admissions a score of at least 700 is almost mandatory. New sections have been introduced recently, such as Integrated Reasoning, which have made the test more competitive than before. GMAT test is available throughout the world in more than 500 locations. The slots have to be booked in advance.

SAT

The Scholastic Aptitude Test (SAT) test, required for entry into some universities in US, if a person has not completed an equivalent, is of two types - the Reasoning Test to check the general writing skills and grammar and the Subject Test to check a candidate's knowledge in the subject chosen. The SAT is owned, developed and conducted by the College Board of the United States of America. Within the USA, the SAT is offered seven times a year, generally on the first Saturdays of October, November, December, January, March, May and June. Most other countries follow the same dates.

MCAT AND LSAT

Other competitive study abroad examinations include the Medical College Admission Test (MCAT) and the Law School Admission Test (LSAT), mandatory for getting into medicine and law respectively in the USA.

The MCAT is a multiple-choice test that is designed to evaluate the examinee's aptitude and knowledge about relevant subjects.

For more information on MCAT, visit [MCAT](#)

The LSAT is administered by the Law School Admission Council for students who wish to pursue a career in law in the USA, Australia and Canada.
