TWELFTH DEGREE INDEX

Respected Member:

Since this index has been prepared, there have been some minor changes in paging in newer monographs. Therefore, if you don't always find your subject exactly on the page indicated, look at the pages, or the monograph, just prior to or just after the one referred to in the index. Look also at the monograph summary in the back of the monographs before and after the reference given.

If, for some reason, you still cannot find the subject referred to, please let us know.

Thank you.

Rosicrucian Recordings

Cosmic Consciousness

Here is personal oral instruction in the technique for attaining this unity with the Absolute. Recorded by Ralph M. Lewis, past Emperor of the Rosicrucian Order, it contains exercises which can be used daily with pleasure and benefit. (12-inch.) **Members only.**

Sanctum Concert

By the brilliant pianist, **Albert Ferber**
Albert Ferber has graciously consented to cut this record for AMORC. You will experience the same thrill and mystical satisfaction in your home as the thousands of listeners who have heard him in concert halls throughout the world.

Side One: Selections from Bach-Busoni, Alexander Scriabin, and Franz Schubert.

Side Two: Selections from Frederic Chopin, Rachmaninoff, Claude Debussy. (12-inch.)

Child Guidance

Especially prepared to present universal truths in simple, story-like form. The recording narrated by past Emperor Ralph M. Lewis also encourages good behavior, consideration, and other virtues through special exercises.

Science of Mysticism

Concentration, Contemplation, Meditation. These three techniques

embrace our whole existence. Every successful endeavor in the material, mental, or spiritual world depends upon the effectiveness of application. These techniques, with the added emphasis of the spoken word, may now be a part of your home and Sanctum. (12-inch.) **Members only.**

Meditation Moods

Rosa Rio, internationally renowned organist, has recorded an organ rendition of special selections for meditation. (12-inch.)

Bedtime Tales

Enchanting tales from the Child Culture series of lessons. These tales help to bring small children closer to nature, explaining natural laws in a colorful, dramatic way. (12-inch.)

Sanctum Music and Sanctum Preparations

This fine recording preserves the voice of Dr. H. Spencer Lewis, first Emperor of the present Rosicrucian cycle. He explains the proper pronunciation of vowel sounds. He conducts a Cathedral Contact period. He opens and closes your Sanctum session. Truly, an uplifting experience. Included on the record are organ renditions of *Secreto Eterno*, the Colombe's ritualistic march, and *Ah, Sweet Mystery of Life*. (10-inch.) **Members only.**

These records are available on cassette.
