## MUD LITE AT & XL

- AT: 3/4-in. lug; XL: 1 1/8-in. lug.
- Extended-wear rubber compound for even longer life and better value!
- Revolutionary all-conditions tire: it's a 6-ply mud tire that's designed for the trail, a trail tire that slings mud with the best of them!
- Unique center tread contact area provides a smooth, radial-like ride.
- Perhaps best of all, the Mud Lite is priced right. Shop and compare—you won't find a tire that's lighter, tougher or more capable at such a reasonable price!

# WHEELS & TIRES

## MUD LITE SP

- Sized for use on most late-model, high-performance sport ATVs.
- High-tech tread design and carcass construction make this a mud tire that's designed for high-performance trail riding, and a high-performance trail tire that can tame muddy conditions like no knobby tire could!
- Surprisingly light, reducing unsprung weight and allowing that high-tech suspension to maintain its maximum effectiveness.

### MUD LITE SP

PART#	SIZE	PRICE
ITP560428	20X11X9	\$142.74
ITP560429	22X7X10	\$128.78

## ULTRACROSS

- 15-inch sizing!
- Low-profile design provides superior handling on smooth, hard surfaces—as well as eye-catching good looks!
- Tightly spaced, overlapping tread pattern lowers rolling resistance and enhances ride comfort.
- 6-ply radial construction and durable rubber compound deliver longer wear and enhanced cut resistance.
- Super deep Rim Guard feature offers the best wheel lip protection in the business.

### ULTRACROSS

PART#	SIZE	PRICE
ITP560550	26X10RX15	\$258.03

*Super deep Rim Guard offers the most advanced wheel lip protection in tire production today!*

## MUD LITE XXL

- The biggest, baddest mud/trail tire in the ITP lineup!
- Its taller profile and super-aggressive 1.3-inch-deep lugs make this an extreme tire for extreme machines in the most extreme conditions.
- Surprisingly light compared to any product anywhere close to this tire.
- Best for highly modified, big-bore 4x4 ATVs operating primarily in muddy conditions.

## MUD LITE XTR

- The industry's first Extreme Terrain RADIAL tire!
- Super-aggressive tread design features 11/8-in. deep, angled, grooved lugs to achieve an exceptional level of traction.
- Long-wearing tread compound.
- The 12-inch option is ideal for primarily muddy conditions, offering better flex and more flotation. The revolutionary 14-inch model is an excellent all-around trail/mud choice, with its lower-profile sidewall resulting in reduced flex and a dramatic improvement in handling and rider confidence.

## 589 MS

- A proven performer in mud and snow.
- Absolutely the lightest high-performance mud & snow tire on the market today.
- Lighter weight means less horsepower loss compared to our competitor's tires, easier steering and reduced wear and tear on your drivetrain!
- Wide-open, extra-deep 2-stage 11/8-in. lug and super-aggressive, self-cleaning tread pattern for unmatched traction and handling when the going gets extreme!
- Extra-rugged 6-ply construction means this tire is incredibly durable as well as capable.

## BAJACROSS

- Proven to handle the toughest and heaviest UTV applications. Excellent on heavier ATVs too!
- 8-ply rated construction has produced our most rugged, durable tire yet!
- Extended-life rubber compound and innovative overlapping tread pattern provides a smooth, predictable ride as well as slow wear characteristics—this is the highest-mileage tire ITP has ever produced!
- Stepped lugs provide consistent tread edges as the tire wears, for predictable performance throughout the long life of the tire.
- Advanced carcass design delivers the most comfortable, trail-compliant tire available.
- Wraparound lugs provide improved shoulder protection.
- Super deep Rim Guard feature offers the best wheel lip protection in the business.

ITP560523	26X11RX14	\$245.22

## TERRACROSS

- The TerraCross R/T tire line uses smooth riding radial XD (Extreme Duty) construction—an extra sidewall ply and increased sidewall and tread rubber thickness for improved puncture protection.
- Extra-tough rubber compound significantly increases tread life.
- Interlocking tread pattern and wide footprint result in exceptional traction and flotation.
- Ideal for mud, snow and sand.
- The wrap-around shoulder lugs offer excellent sidewall protection and traction when navigating rutted trails.

## BLACKWATER EVOLUTION

- Utilizing the most advanced tire technology, the Blackwater Evolution has been developed specifically for the distinct demands of the latest side-by-side vehicles.
- This 8-ply-rated radial tire features a unique non-directional tread design that provides awesome traction while maintaining a smooth ride and precise, balanced handling.
- Its all-new "Tough Tread" rubber compound offers exceptional wear and abrasion resistance for extended tire life.
- Exclusive "Sidewall Armor™" protects the vulnerable shoulder area from penetration, greatly increasing reliability.
- Quality is assured because it's engineered and manufactured right here in the U.S.A.

## SWAMP LITE

- 3/4" Deep Lugs
- Strong 6 Ply construction for longer wear and rugged durability
- Step-down tread pattern adds to the lug strength, and helps in reverse having more edges to grip terrain.
- Great steering, cornering and stability and smooth ride in this class of tire.
- Built in rim guard protects your wheel from dings and dents while also preventing dirt from wedging between the tire and rim
- Spaced and a staggered lug design that allows for easy self cleaning

## GORILLA SILVERBACK

► It's simply the most aggressive ATV tire in the world. There is NO other tire on the market that compares to the size, tread, sidewall wrap, design, cleaning properties, and sheer "BADNESS" of the Silverback.

► The Gorilla Silverbacks come in sizes ranging from 27" to a FULL 32" MONSTER!

► Silverback tread depths are: 27" - 1.5" 28" - 1.75" 30" - 2" 32" - 2.5"

► 6-ply rating and can withstand all the abuse that you want to throw at them.

► The Silverback lug wraps ALL THE WAY to the bead on both sides and allows you to get traction in ruts when ALL other tires just leave you hanging.

## VIPR

- The new Maxxis Vipr is constructed specifically for heavy side x sides and UTV's that require high operating pressures.
- A directional tread pattern with deep lugs excels in loose to intermediate terrains, able to shed mud but also roll smoothly on hardpack.
- Radial construction provides a plush feel and a large contact patch for the ultimate ride.
- Features 6-ply rated construction and a rim guard.

VIPR

The GROWLER® and ROCKER™ are probably the toughest, most versatile 6 & 8 ply-rated Mud, Snow, Sand & Trail Conditions Directional ATV/UTV Radial tires on the market. Move over Rover, Pit Bull's taking over!!! Rugged, aggressive and designed to handle serious ATV applications...or, if you like, you can put this tire on your 4x4, SideXSides and utility ATVs for increased function and fun! Either way, you win.

### GROWLER® XOR ATV/UTV TIRES

The Growler XOR TM is designed for those who wish to replace their stock 25" tires and move on to something a little more rugged, a bit taller and with some serious bite.

- 6 ply-rating
- 5 circumferential groove channels
- Over-the-shoulder lugs
- Stone kickers
- Cool sidewall designs

## SS216 WHEELS

- The lightweight, one-piece aluminum SS216 is as aggressive as it looks, due in large part to ITP's all-new Rock Armor reinforced inner wheel lip design.
- This advanced feature makes an already high-endurance wheel even more bulletproof.
- The SS216 is tough enough to boast a 1000-lb. load rating for both its 12x7 and 14x7 sizes, perfect for the requirements of the most demanding, modern side-by-side UTV applications.
- Of course the SS216 is a perfect match for most popular utility/4x4 ATVs as well.
- It rolls out in a bright machined finish with black accents and is topped with a durable clear coat to help maintain its rugged style.
- A matching SS™ center cap is included with every wheel.

## SS216 WHEELS- MACHINED WITH BLACK

PART#	SIZE	BOLT PATTERN	OFF-SET	FINISH	PRICE
ITP12SS800BX	12x7	4/110	5+2	MACH	\$120.80

ITP14SS808BX	14X7	4/137	5+2	MACH	\$148.35

## SS316 WHEELS

- New reinforced Rock Armor inner wheel lip design.
- With Rock Armor construction, you can count on the SS316 to get you out and back again in style.
- The SS316 is so muscular that both the 12x7 and 14x7 sizes have an impressive 1000-lb. load rating, more than enough to meet the demands of today's side-by-side UTVs and utility/4x4 ATVs alike.
- The SS316 proves that strength can be sexy, with head-turning lines and a fashionable bright machined finish featuring black accents and a durable clear coat.
- A custom SS™ center cap is comes with every wheel.

# WHEELS & TIRES

## T-7 BEADLOCK WHEELS

- Unique one-piece construction saves weight and cost — shop and compare!
- Designed specifically for today's sport-utility ATVs and side-by-side UTVs. Based on ITP's proven C-Series Type 7, but with an even higher level of reliability.
- New outer beadlock ring clamps the tire bead to the wheel, allowing for lower tire pressures without the risk of debeading the tire from the wheel under heavy side loads.
- For a custom look, optional colored beadlock rings are now available in two different styles, both in black, blue, yellow or red powdercoat, as well as chrome!

## SYSTEM SIX

- The ultimate in customization!
- Interchangeable colored aluminum wheel spoke inserts (in red, blue or polished) provide a vast array of customization possibilities. Match your wheel specifically to your ATV or UTV! Optional inserts sold separately.
- Available in two finishes: a bright, diamond-cut machined finish with black accents topped with a tough clear-coat, and in a dramatic matte black. This opens up even more customization choices!
- Strong, light and distinctively different.
- Lifetime structural warranty! If you bend or break it, we will replace it! Buy with confidence!
- Custom SS wheel cap featuring an all-new design is included.

## T-9 PRO SERIES GP .190

- New center design is lighter than ever, yet still as strong.
- New full-polished finish looks great, thanks to the use of new, state-of-the-art CNC spinning and polishing equipment.
- High quality is more than just a claim—ITP T-9 Pro Series wheels meet the rigorous QS 9000 quality certification.
- GP model utilizes a double-rolled lip construction for even greater durability and resistance to rough terrain damage.
- GP model features a tapered, stainless steel lug nut insert on sizes using the 4/110 and 4/144 bolt patterns. This allows for a more true and secure fit on OEM wheel hubs that used tapered lug nuts.

## DELTA STEEL

- Our Delta Series wheel design features a lightweight D-window center design.
- Precision rolled rims with stamped high strength centers; they're 35% stronger than OEM wheels.
- Two finish options are available: a Silver powdercoat (much tougher and more corrosion-resistant than standard paint), and a rich Powerdecoat Black.
- Check out the cost savings compared to OEM wheels—ITP is the clear leader.
- Provides a wide range of OEM replacement options for all popular models in the utility 4x4 category.

# WHEELS & TIRES

## KENDA K761 DUAL SPORT TIRES

- DOT Approved
- Unique combination of street and off-road grip provides maximum performance
- Strong and durable nylon four-ply construction
- The advanced compound design gives better stability, cornering traction and braking control
- Tubeless

### KENDA K761

PART #	SIZE	PRICE
STI047611607B0	120/90X17	\$99.95

## MICHELIN STUDED WINTER TIRES

- Winter tires are specially designed for winter snow and ice off road riding only.
- They are not to be used on bare or frozen ground as excessive wear and tread damage will occur to tire and studs.
- Studded winter tires are shipped with carbide tipped rally studs installed by our special pneumatic machine.
- Automotive studding tools will not work with our unique shaped, one inch long studs, which are glued in position.
- Studded winter tires are high performance specialty off road only tires and do not carry any guarantees or warranties what so ever.

### MICHELIN STUDED TIRES

PART #	SIZE	PRICE
TRE17-1620	110/100X18	\$599.95
TRE17-1621	100/90X19	\$599.95
TRE17-1622	80/100X21	\$575.00
TRE17-1625	100/90X19	\$589.00

## TERAFLEX TIRES

- Super deep knobs, more bite and longer wear
- Cantilevered rim guard sidewall engineered to provide increased deflection & bite
- Extra thick knobs allow recutting of worn and rounded edges without losing knob stability. Maintains maximum bite for the life of the tire
- Double edge taper, wide base, self-cleaning knobs, will not clog even in gumbo mud
- Reversed Angle leading edge of intermediate knobs, directs side thrust towards the inside when the bike is leaning into a turn
- Racing tread rubber compounded for extreme traction
- Race tire construction, super-strong, light weight racing nylon, reduces unsprung weight, increases deflection, lays down a huge footprint and controls rebound

## M6006 DUAL SPORT TIRES

- The M6006 offers superior performance on and off-road.
- The 70% knob-to-groove ratio delivers smooth performance on the highway while adding excellent grip on off-road surfaces.
- A unique tread block design offers an excellent self-cleaning effect and provides riders quick access while going from off-road to street surfaces.
- Made of a special compound for great road grip without undue tire wear with reinforced sidewalls and extra bead strength.
- Designed for large dual-purpose bikes.
- DOT approved.
